AFRICACAN

AFRICACAN 2014

AFRICACAN

About the conference

AFRICACAN is a conference for metal and can Packaging manufacturers based in Africa region. The conference assembles technical experts from global supplier, metal and can Packaging makers, maximizing the channels of communication between key decision makers in Africa metal and can packaging industry and providing access to the latest in efficient and flexible production technologies.

The conference includes presentations of the latest trends and developments from major companies and extensive time for informal networking and discussion. Keynote speakers provide overviews in their field of expertise.

The 1st AFRICACAN conference will be held in Lagos Nigeria from October 13-15 2014.

AFRICACAN conference is organized by Secure Source Publishing; it is of the key source covering all aspects of the Africa metal and can packaging industry. The magazine, weekly e-newsletter and website are the major information resource for flexible Packaging makers and fillers in Africa.
